GANG VIOLENCE SECTION

CAL-GANG DATABASE PROGRAM

Program Description

The Cal-Gang (CG) Database Project is an automated gang intelligence database system that provides intelligence information to assist local, state, and federal law enforcement agencies in order to solve gang related crimes. The system provides investigative, tactical, and strategic information to support gang units and police administrators throughout California.

Eligibility

The California State Department of Justice is the designated recipient of this award.

Authorized By

California State Legislature - FY 2008/09 State Budget Act

Fund Source and Amount

State General Fund - $270,000

Grant Award Period

July 1, 2008 – June 30, 2009

Next Competitive/Non Competitive Application Due Date

Non Competitive - July 1, 2009

Additional Program Information

The CALGANG system allows local law enforcement agencies to maintain their own local database of information on local gangs and gang members, and to share that information to law enforcement agencies throughout the state through regional nodes connected to a central index. The California Department of Justice maintains the central index and continues to enhance its capabilities.
